JERUSHA N.Y. QUARCOO

Accra, Ghana | jerusha328@gmail.com | +233 246 808 258 |GitHub: github.com/Naayart

Profile Summary

Purpose-driven front-end developer with a passion for crafting intuitive and responsive web interfaces. I specialize in creating modern, accessible websites using HTML, CSS, and Tailwind

Technical Skills

Languages: HTML5, CSS3, Basic JavaScript

Frameworks & Platforms: Tailwind CSS, Vercel

Tools: Git, GitHub, Visual Studio Code

Design & UI: Figma, Canva

Development Approach: Mobile-first design, Flexbox, CSS Grid, Semantic HTML

Projects

Personal Landing Page
A responsive one-page site built with HTML and CSS to present my professional identity.
• Showcases contact details and skills with clean, semantic layout
• Designed to perform well across all screen sizes

Demo Church Website
A static site built using Tailwind CSS to represent a church.
• Includes audio sermon downloads, church information, and responsive navigation
• Prioritized user experience on mobile and tablet devices

Newsletter Subscription Form
Simple and minimal email signup form using HTML and CSS.
• Features client-side validation and clear user feedback

Education

Front-End Development
Meltwater Entrepreneurial School of Technology (Expected August 2025)

BSc. Banking and Finance
 University of Ghana (August 2017)

Career Interests

✓ Remote Internships
 ✓ Front-End Freelance Projects
 ✓ Collaborations on Landing Pages and Forms

Personal Highlights

• Strong eye for balance, alignment, and visual harmony
 • Enthusiastic about writing cleaner, reusable, and maintainable code
 • Communicates effectively and confidently in collaborative projects
